Read PDF A Life In Death

Life and death (死活) is a fundamental concept in the game of Go, where the status of a distinct group of stones is determined as either being "alive", where they may remain on the board indefinitely, or "dead," where the group will be lost as "captured". The basic idea can be summarized by: A group must have two eyes (meaning secured internal liberties) to live (meaning to survive through ...

Life and death - Wikipedia

When a president makes life and death decisions, he should draw strength and wisdom from broad and deep experience with the reasons for and the risks of committing our children to our defense. For no matter how many others are involved in the decision, the president is a lonely man in a dark room when the casualty reports come in. John McCain

In Judaism, life is valued above almost all else. The Talmud notes that, since all mankind is descended from a single person, taking a life is like destroying an entire world while saving a life is like saving an entire world.. However, death is also not viewed as a tragedy, even when it occurs early in life or through unfortunate circumstances.
