Best All-in-One Computer in 2020 - ThoroughlyReviewed

This review is for "Electronics All-In-One Desk Reference For Dummies" by Doug Lowe. Be aware there are a couple other very similar titled books in the 'for dummies' series that are not the same. This book is a bit unique in that it is actually 8 separate mini-books in one.

Amazon.com: Customer reviews: Electronics All-In-One Desk ...

An all-in-one computer is a self-contained, all-inclusive computer in a small, streamlined, high-tech package, with all the circuitry built into its monitor or base. All-in-ones generally have a keyboard and a mouse, often a wireless keyboard and wireless mouse, and some models provide you with a touch-screen experience.

Dell All-In-One Desktops - Walmart.com

All in one computers are great for maximizing performance while minimizing space. An all in one computer is a desktop computer that combines the monitor and tower into one unit, freeing up valuable space that the tower would otherwise occupy. These computers are frequently paired with large displays for higher productivity and enjoyment.

All-in-One Desktop Computers | Electronic Express
