Fortunately, these pocket charts provide an easy, efficient and effective solution for busy teachers. You can use pocket charts to switch up your displays quickly and easily. Each clear pocket can be used to hold photos, notecards, calendar pieces and other items that help to provide visual learning opportunities for your students.

### Pocket Charts - Really Good Stuff

For example, I like to use the "pocket chart" above for my students' vocabulary illustrations each week. I always have them use a half-sheet of paper, so I used that to space them out correctly. I have also used it to make single pockets for other items that I switch out regularly, like this Place Value Station.

### Make Your Own Pocket Chart! | Classroom Tested Resources

Back in November I posted here about using a garment rack for a chart stand. If you're struggling with your chart stand being too small for the actual pocket chart, be sure to check out my easy and inexpensive solution here. Today, I have something even cooler to share: a double-decker DIY pocket chart stand!. Two years ago I received two amazing pocket chart centers through a Donor's ...

### Learning Resources Counting & Place Value Pocket Chart ...

In a few cases, times past midnight will be written as a value greater than 2400, such as listing 1 a.m. as 2500 in order to make it clear that it is later than an earlier listed time. For example, if a venue is only open from 7 p.m. to 1 a.m., expressing that as 1900 to 2500 intuitively makes more sense for the reader than 1900 to 0100.
