Teachers design an ill-structured problem based on desired curriculum outcomes, learner characteristics, and compelling, problematic situations from the real world Teachers develop a sketch or template of teaching and learning events in anticipation of students' learning needs Teachers investigate the range of resources essential to the problem and arrange for their availability

Problem Based Learning - SlideShare

The Monty Hall problem is a brain teaser, in the form of a probability puzzle, loosely based on the American television game show Let's Make a Deal and named after its original host, Monty Hall. The problem was originally posed (and solved) in a letter by Steve Selvin to the American Statistician in 1975. It became famous as a question from a reader's letter quoted in Marilyn vos Savant's "Ask ...

Monty Hall problem - Wikipedia

Problem-based learning (PBL) is a student-centered pedagogy in which students learn about a subject through the experience of solving an open-ended problem found in trigger material. The PBL process does not focus on problem solving with a defined solution, but it allows for the development of other desirable skills and attributes. This includes knowledge acquisition, enhanced group ...
